Subject: Special Account and Time for Falcon Refinery (Remedial) 06MC
Date: Thursday, February 20, 2014 9:08:00 AM

Good morning

I just wanted to give everyone a heads up that the special account funds for the remedial work at Falcon Refinery are almost depleted. We are in the process of allocating most/all of the remaining funds to the RI contract and will only have a limited amount of funds available for travel and salary. The Falcon site has TR2 and TR2B accounts, currently the TR2 account has been depleted and has a negative balance and it may be necessary for some of us to go back and amend your People Plus.

Thanks

Brian W Mueller RPM
